CS361 – 401
Sprint #1 Scrum Minutes
Erik Mortenson
Ethan Monka
Haitam Chouiekh
Phani Ravipati
Shawn Brogni

Meeting #1: 11/17/22 5:15pm – 5:50pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Present
- Haitam Chouiekh – Present
- Phani Ravipati – Late
- Shawn Brogni – Absent, Family Emergency

Answers to Three Questions:

- Erik Mortensen
    - What did you do yesterday?
        - Transferred Acceptance Criteria to the Sprint 1 Backlog.
    - What will you do before the next meeting?
        - Refine my database schema and submit a pull request for it.
    - Are there any impediments in your way?
        - Not at the moment.
- Ethan Monka
    - What did you do yesterday?
        - Added tasks to Trello board
        - Finished transferring Acceptance Criteria and time estimates from pdf to Trello board
    - What will you do before the next meeting?
        - Create shared document for Scrum Minutes & add 1st meeting
        - Research Bootstrap
    - Are there any impediments in your way?
        - Feel that we are at a bottleneck where a lot of things have to be done one after the other before we can start doing more work in parallel.

- Haitam Chouiekh
    - What did you do yesterday?
        - Set up repository on github

- o What will you do before the next meeting?
  - ▪ I will work the prototype design
- o Are there any impediments in your way?

- Phani Ravipati
  - o What did you do yesterday? Put together a design documents to add high, low level designs when they are done.
  - o What will you do before the next meeting?: Will be working on the State machine diagram
  - o Are there any impediments in your way? None

Completed Tasks:

Made Github Repo – Haitam

Transferred PBIs from file to Trello – Ethan and Erik

Generated Tasks:

Document Scrum Minutes - Ethan

Page prototypes & descriptions - Haitam

Database Schema - Erik

Learn Bootstrap - Ethan

State Machine Diagram – Phani

Trello Board:

Blue EM: Erik Mortenson

Yellow EM: Ethan Monka

Blue C: Haitam Chouiekh

Light Blue PR: Phani Ravipati

Yellow S: Shawn Brogni

Backlog

As a TA, I want to be able to edit my own contact information, so I am sure that the correct information is presented in case anything changes from when it is originally entered.
0/7

As a Supervisor/Administrator, I want to be able to send out notifications to users via UWM email, so anyone using the application will be able to receive important notifications.
0/4

As a TA, I want to be able to read public contact information of all users, so I am able to connect with anyone within the application in a timely manner.
0/1

As a TA, I want to be able to view TA assignments (for all TAs), so I have an understanding of who is assigned to which assignment in case there is questions or changes to schedules.

+ Add a card

Sprint 1 backlog

As a Supervisor/Administrator, I want to be able to create accounts for users, so that the accounts can be added to correct group.
0/2

As a Supervisor/Administrator, I want to be able to create courses for instructors, so that the instructor can assign TAs to course labs
0/3

As a Supervisor/Administrator, I want to be able to edit accounts for users, so that any information needed to be updated or changed is allowed to do so.
0/7

As a Supervisor/Administrator, I want to be able to access all data in the system, so I am able to see corresponding information
0/1

As a Supervisor/Administrator, I want

Meeting #2: 11/20/22 5:00pm – 5:45pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Present
- Haitam Chouiekh – Present
- Phani Ravipati – Present
- Shawn Brogni – Present

Answers to Three Questions:

- Erik Mortensen
    - What did you do yesterday?
        Completed database schema and submitted a pull request for it.
    - What will you do before the next meeting?
        Ask Apoorv to review the database schema after pull requests are approved.   Refine the group charter and submit it for the group.
    - Are there any impediments in your way?
        No, there's nothing keeping me from being able to complete my current tasks.

- Ethan Monka
    - What did you do yesterday?

- Created shared Scrum Minutes document
- Documented 1st Meeting
- Went through Bootstrap tutorial online
  - What will you do before the next meeting?
    - Update Scrum Minutes
    - Make 4 of the 8 HTML pages and push them to github
  - Are there any impediments in your way?
    - I don't have prior HTML or CSS experience

- Haitam Chouiekh
  - What did you do yesterday?
    - Create the design for the prototype
  - What will you do before the next meeting?
    - Write tests for the TA model
  - Are there any impediments in your way?
    - None

- Phani Ravipati
  - What did you do yesterday? : Made the State machine diagram
  - What will you do before the next meeting? : Will be working on class diagram, and assembling the design document
  - Are there any impediments in your way? : None

- Shawn Brogni
  - What did you do yesterday?
    - Started planning the method descriptions document
  - What will you do before the next meeting?
    - Finish method descriptions and upload to Team chat for review
  - Are there any impediments in your way?
    - None

Completed Tasks:

Database Schema – Erik

Learn Bootstrap – Ethan

Made Shared Scrum Minutes document – Ethan

Page prototypes & descriptions – Haitam

State machine diagram – Phani

Generated Tasks:

Make HTML Templates – Ethan

Method Descriptions – Shawn

Assembling Design Document – Phani

Class Diagrams – Phani

Refine Disciplinary Procedures – Erik
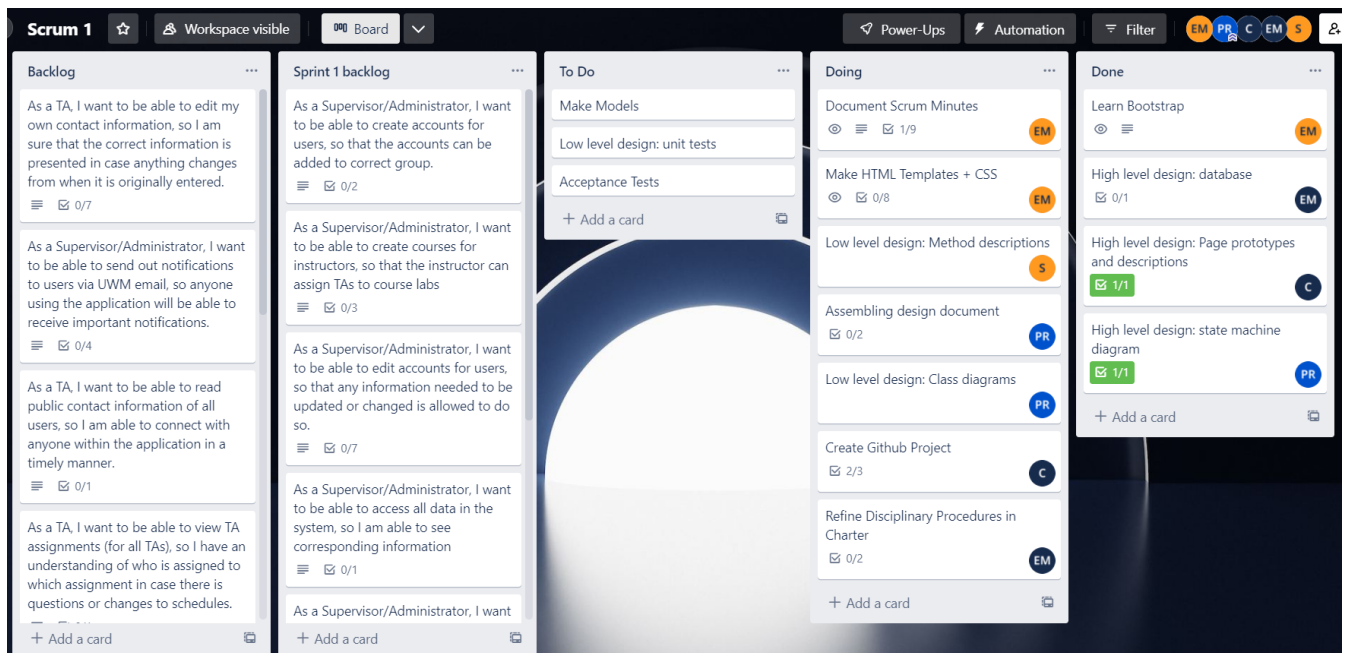

Tests for TA Model – Haitam
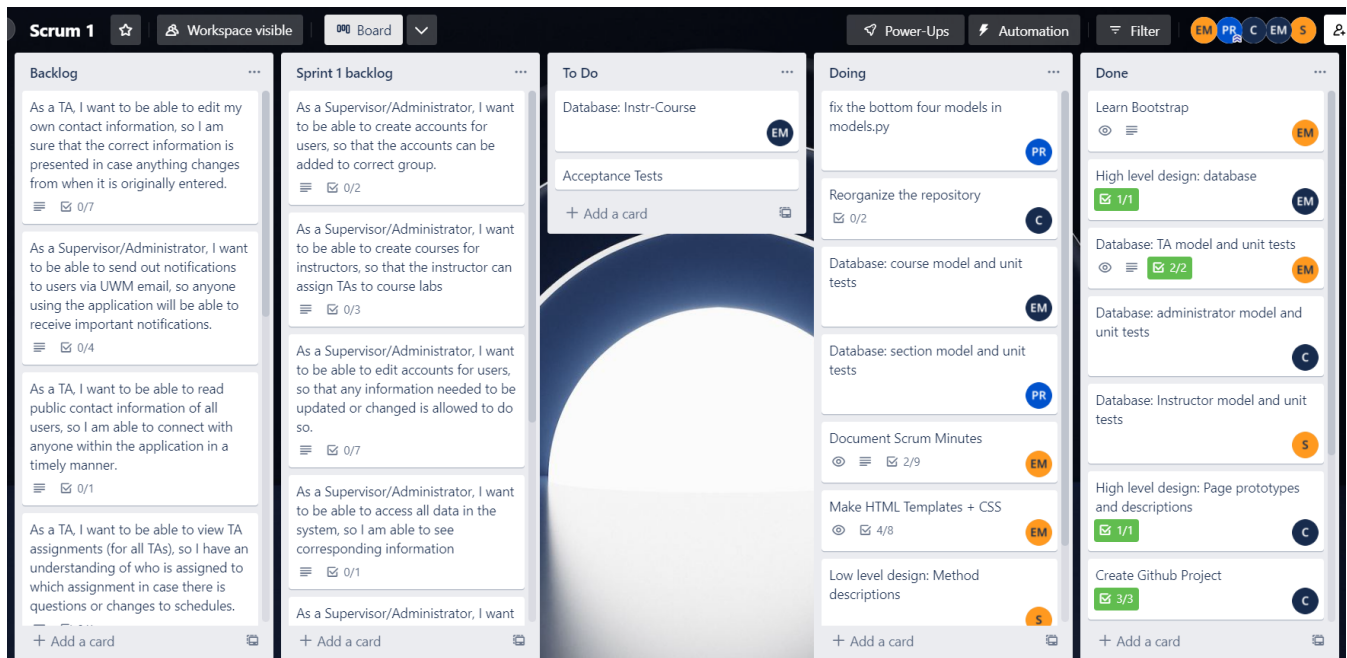

Trello Board:

Yellow EM: Ethan Monka

Blue C: Haitam Chouiekh

Light Blue PR: Phani Ravipati

Yellow S: Shawn Brogni

Meeting #3: 11/22/22 2:30pm – 4:20pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Present
- Haitam Chouiekh – Present
- Phani Ravipati – Present
- Shawn Brogni – Present

Answers to Three Questions:

- Erik Mortensen
    - What did you do yesterday?
        - Sent database schema to Apoorv, he said it looked good.
        - Reviewed and edited group charter and submitted it for assignment.
    - What will you do before the next meeting?
        - Write models for Course and Course_Info and write tests for those models
    - Are there any impediments in your way?
        - Our database schema was just revised at the last minute.

- Ethan Monka
    - What did you do yesterday?
        - Made 4 HTML templates with basis CSS styling, submitted pull request for them
    - What will you do before the next meeting?
        - Contribute to models file
        - Make 4 more HTML templates and improve the styling of the previous 4
    - Are there any impediments in your way?
        - Can be hard to make decisions without 100% of the design nailed down, but making guesses when you have to may just be part of the process

- Haitam Chouiekh
    - What did you do yesterday?
        - Wrote tests for the TA model
    - What will you do before the next meeting?
        - Write the unit tests for Admin
    - Are there any impediments in your way?
        - None

- Phani Ravipati
  - What did you do yesterday? : worked on class diagram
  - What will you do before the next meeting? : working on the course models and section models and unit tests for those
  - Are there any impediments in your way? : None as of now

- Shawn Brogni
  - What did you do yesterday?
    - Continued method descriptions
  - What will you do before the next meeting?
    - Finish method descriptions and get team feedback
  - Are there any impediments in your way?
    - None

Completed Tasks:

Group Charter – Erik

Database Schema – Erik

Made 4 HTML Templates – Ethan

TA Model Tests – Haitam

Instructor Model & Tests – Shawn

Generated Tasks:

Database model for course and unit tests – Erik

Fix models in models file – Phani

Section Model and unit tests – Phani

Reorganize Github Repo – Haitam

Trello Board:

Blue EM: Erik Mortenson

Yellow EM: Ethan Monka

Blue C: Haitam Chouiekh

Light Blue PR: Phani Ravipati

Yellow S: Shawn Brogni

Meeting #4: 11/26/22 5:00pm – 5:20pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Present
- Haitam Chouiekh – Absent
- Phani Ravipati – Present
- Shawn Brogni – Present

Answers to Three Questions:

- Erik Mortensen
  - What did you do yesterday?

    Due to changes made at end of last meeting, didn't have tasks. Reviewed group members work and responded to all pull requests.
  - What will you do before the next meeting?

    Begin unit tests for setOfficeHours(), deleteOfficeHours(), and sendNotification().
  - Are there any impediments in your way?

    Not completely clear on how notification sending will work.

- Ethan Monka
  - What did you do yesterday?
    - Made HTML Templates for viewing, creating, and editing database items
  - What will you do before the next meeting?
    - Start writing unit tests for createAccount, editAccount, and deleteAccount
  - Are there any impediments in your way?
    - None

- Phani Ravipati
  - What did you do yesterday? : Done with the courses and section models
  - What will you do before the next meeting? : Assembling the design document as the new things are added and wrote the tests for those models
  - Are there any impediments in your way? : None

- Shawn Brogni
  - What did you do yesterday?
    - Finished and uploaded method descriptions
  - What will you do before the next meeting?
    - Start planning and writing unit tests for createCourse, deleteCourse, and assignCourse
  - Are there any impediments in your way?
    - None

Completed Tasks:

Made HTML Templates – Ethan

Course and Section Models – Phani

Method Descriptions – Shawn

Generated Tasks:

createAccount, deleteAccount, editAccount unit tests – Ethan

setOfficeHours, deleteOfficeHours, sendNotification unit tests – Erik

createCourse, deleteCourse, assignCourse unit tests – Shawn
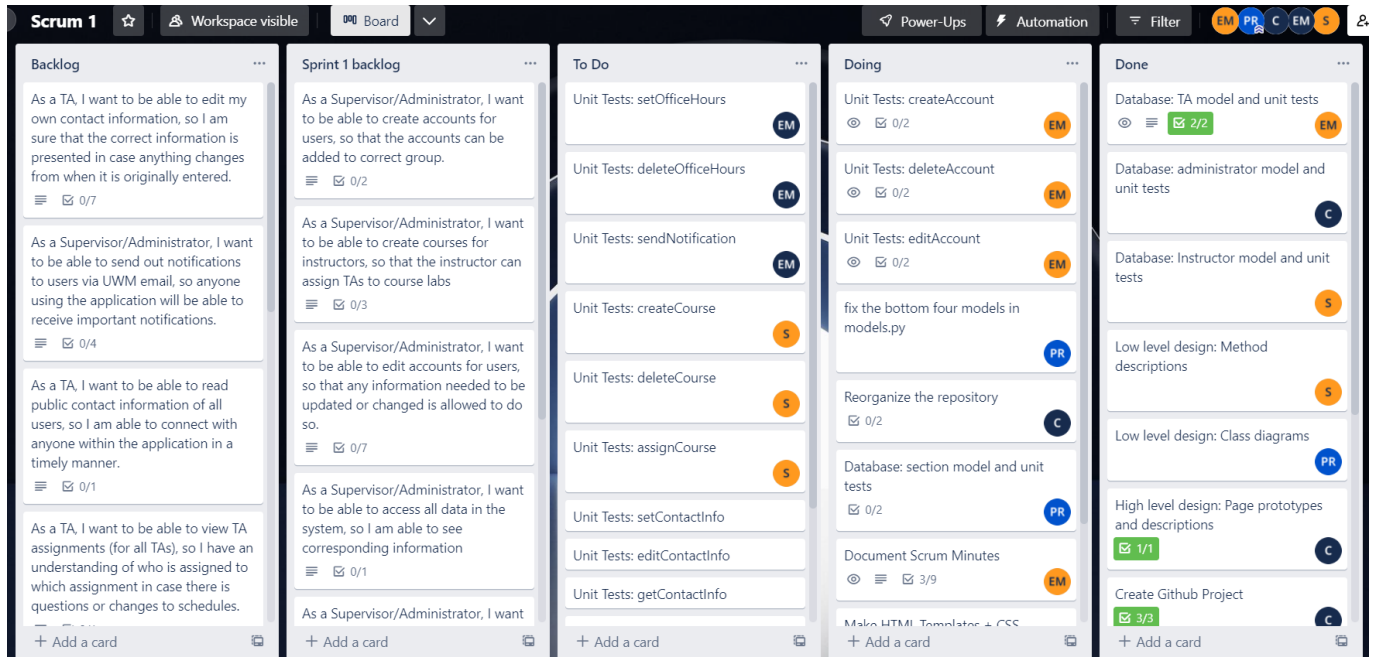

Trello Board:

Blue EM: Erik Mortenson

Yellow EM: Ethan Monka

Blue C: Haitam Chouiekh

Light Blue PR: Phani Ravipati

Yellow S: Shawn Brogni

Meeting #5: 11/27/22 2:00pm – 2:25pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Present
- Haitam Chouiekh – Present
- Phani Ravipati – Present
- Shawn Brogni – Present

Answers to Three Questions:

- Erik Mortensen
  - What did you do yesterday?
    - Started tests for setOfficeHours and deleteOfficeHours
  - What will you do before the next meeting?
    - Finish tests and submit a pull request

- o Are there any impediments in your way?
  - No

- Ethan Monka
  - o What did you do yesterday?
    - Made tests folder, file, and unit test skeletons
  - o What will you do before the next meeting?
    - Write the unit tests for the 3 methods I took
  - o Are there any impediments in your way?
    - None

- Haitam Chouiekh
  - o What did you do yesterday?
    - Wrote the unit tests for the admin
  - o What will you do before the next meeting?
    - Need to reorganize the repository to match the layout of Apoorv's repository
  - o Are there any impediments in your way?
    - None

- Phani Ravipati
  - o What did you do yesterday? : started tests for the sections classes that makes the sections.
  - o What will you do before the next meeting? : finishing the tests for those sections classes.
  - o Are there any impediments in your way? : None

- Shawn Brogni
  - o What did you do yesterday?
    - Started writing unit tests for course methods
  - o What will you do before the next meeting?
    - Finish implementing unit tests
  - o Are there any impediments in your way?
    - None

Completed Tasks:

Unit test skeletons – Ethan

Wrote admin unit tests – Haitam

Generated Tasks:

No tasks generated

Trello Board:

Blue EM: Erik Mortenson

Yellow EM: Ethan Monka

Blue C: Haitam Chouiekh

Light Blue PR: Phani Ravipati

Yellow S: Shawn Brogni

Meeting #6: 11/29/22 2:30pm – 4:10pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Present
- Haitam Chouiekh – Present
- Phani Ravipati – Present
- Shawn Brogni – Present

Answers to Three Questions:

- Erik Mortensen
  - What did you do yesterday?
    Submitted pull request for my finished tests
  - What will you do before the next meeting?
    Study up on views and write skeleton for views.py
  - Are there any impediments in your way?
    Limited understanding of views.

- Ethan Monka
  - What did you do yesterday?
    - Wrote unit tests for createAccount, deleteAccount, and editAccount
    - Made skeletons for the above methods
  - What will you do before the next meeting?
    - Create the view and create profile templates
  - Are there any impediments in your way?
    - None

- Haitam Chouiekh
  - What did you do yesterday?
    - Reorganized the repository to match the layout of Apoorv's repository
  - What will you do before the next meeting?
    - The unit tests for setContactInfo(), getContactInfo(), editContactInfo()
  - Are there any impediments in your way?
    - None

- Phani Ravipati
  - What did you do yesterday? : wrote the tests for the method that creates the sections, but are failing.

- What will you do before the next meeting? : get those tests for the working
- Are there any impediments in your way? : couldn't figure out why the tests were not running.

- Shawn Brogni
  - What did you do yesterday?
    - Wrote class methods for courses
  - What will you do before the next meeting?
    - Rewrite course methods and unit tests
  - Are there any impediments in your way?
    - None, had to rewrite based on TA feedback

Completed Tasks:

Finished tests – Erik

createAccount, deleteAccount, editAccount unit tests – Ethan

createAccount, deleteAccount, editAccount skeletons – Ethan

Reorganized Github Repo – Haitam

Section tests – Phani

Course methods – Shawn

Generated Tasks:

Research views – Erik

View and Profile HTML Templates – Ethan

Unit tests for set, get, edit contact info – Haitam

User Class unit tests – Haitam

Section Class unit tests – Phani

Course Class unit tests – Shawn

Blue EM: Erik Mortenson

Yellow EM: Ethan Monka

Blue C: Haitam Chouiekh

Light Blue PR: Phani Ravipati

Yellow S: Shawn Brogni

Meeting #7: 12/1/22 5:00pm – 5:30pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Present
- Haitam Chouiekh – Late
- Phani Ravipati – Present
- Shawn Brogni – Present

Answers to Three Questions:

- Erik Mortensen
  - What did you do yesterday?
    - Reviewed how views work, wrote skeleton of views and submitted pull request
  - What will you do before the next meeting?
    - Finish up views and submit a pull request.
  - Are there any impediments in your way?
    - No

- Ethan Monka
  - What did you do yesterday?
    - Worked on more templates and pushed them to github
  - What will you do before the next meeting?
    - Transfer templates from old github project to new one
    - Put patterns in urls.py
  - Are there any impediments in your way?
    - None

- Haitam Chouiekh
  - What did you do yesterday?
    - I worked on the creating the classes for managing users, classes
  - What will you do before the next meeting?
    - I will set up the development environment and urls.py
  - Are there any impediments in your way?
    - None

- Phani Ravipati
  - What did you do yesterday? : Wrote the tests for the section model
  - What will you do before the next meeting? : Have to write the unit tests for the section class rather than the models
  - Are there any impediments in your way? : None

- Shawn Brogni
  - What did you do yesterday?
    - Wrote course class methods
  - What will you do before the next meeting?
    - Complete course methods and write unit tests
  - Are there any impediments in your way?
    - None

Completed Tasks:

Research views and write skeletons – Erik

HTML Templates – Ethan

Course class methods – Shawn

Generated Tasks:

Finish views – Erik

Transfer changes from old repo to new one – Ethan

Put patterns in urls file – Ethan

Development Environment – Haitam

Finish course methods and write more unit tests - Shawn
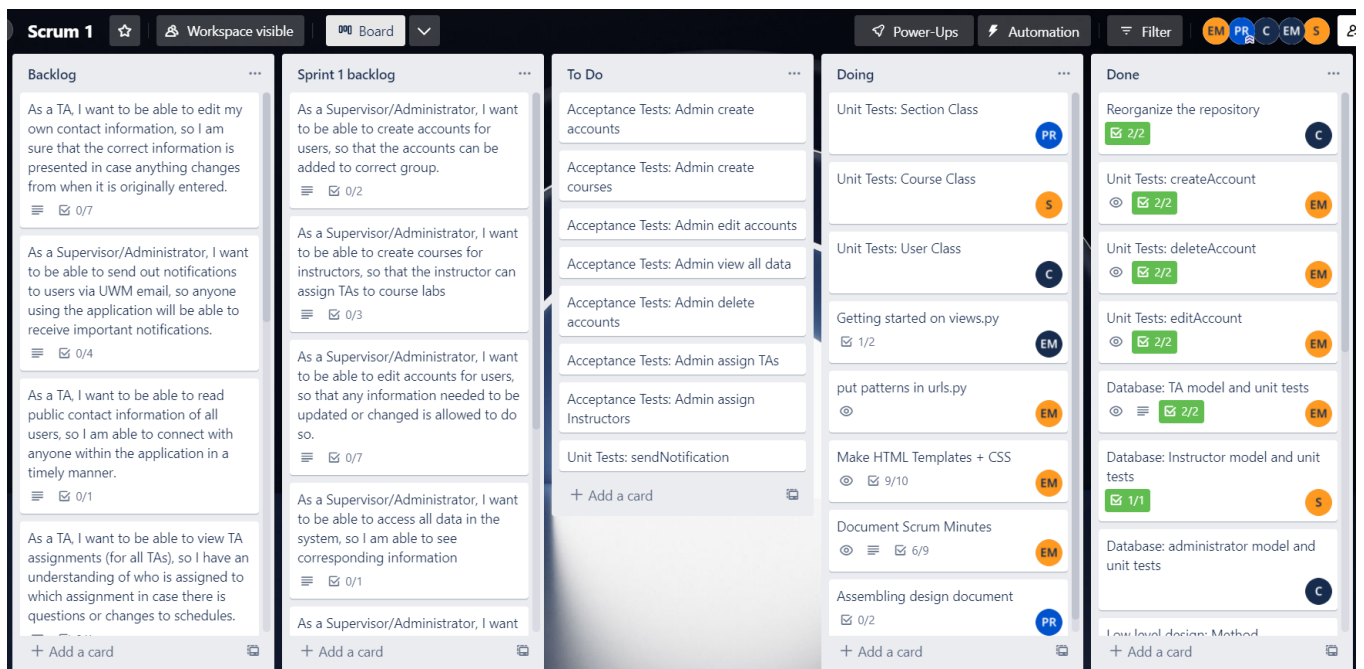

Trello Board:

Meeting #8: 12/3/22 5:00pm – 5:30pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Late
- Haitam Chouiekh – Absent, Sick
- Phani Ravipati – Present
- Shawn Brogni – Present

Answers to Three Questions:

- Erik Mortensen
    - What did you do yesterday?
        Responded to Ethan's latest pull request for html files, read up on views.
    - What will you do before the next meeting?
        Have methods for homepage and login ready in views, if not more.
    - Are there any impediments in your way?
        No

- Ethan Monka
    - What did you do yesterday?
        - Filled patterns in for urls.py and made pull request
    - What will you do before the next meeting?
        - Make files and skeletons for acceptance tests
    - Are there any impediments in your way?
        - None

- Phani Ravipati
    - What did you do yesterday? : Wrote the methods in the section class, which returns an error message if a section is not created and returns a true value if a section is created
    - What will you do before the next meeting? : Writing the unit tests for the sections that uses the models to create a section entry in the database and made a pull request for it
    - Are there any impediments in your way? :

- Shawn Brogni
    - What did you do yesterday?
        - Worked on unit tests for course class
    - What will you do before the next meeting?
        - Finish unit tests and do a pull request for changes
    - Are there any impediments in your way?

- Grandpa is in hospital, was unable to finish unit tests

Completed Tasks:

Code Review – Erik

Patterns in urls.py – Ethan

Generated Tasks:

Finish views for login and home page – Erik

Make folder, files, and skeletons for acceptance tests – Ethan

Trello Board:

Blue EM: Erik Mortenson

Yellow EM: Ethan Monka

Blue C: Haitam Chouiekh

Light Blue PR: Phani Ravipati

Meeting #9: 12/4/22 5:30pm – 7:00pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Present
- Haitam Chouiekh – Present
- Phani Ravipati – Present
- Shawn Brogni – Absent, Family Emergency

Answers to Three Questions:

- Erik Mortensen
    - What did you do yesterday?
        Added to Home and Login views for login/logout functionality and submitted a pull request
    - What will you do before the next meeting?
        Past implementation was unsuccessful, so implement functionality for logout button on Homepage
    - Are there any impediments in your way?
        No

- Ethan Monka
    - What did you do yesterday?
        - Added files for acceptance tests and made skeletons for the tests
    - What will you do before the next meeting?
        - Fix HTML templates to use name attributes in forms and add csrf tokens to post requests
    - Are there any impediments in your way?
        - None

- Haitam Chouiekh
    - What did you do yesterday?
        - I created the Urls and skeletons for the views, and made sure our development environment runs properly.
    - What will you do before the next meeting?
        - I will work on the logging in and logging out features
    - Are there any impediments in your way?
        - Nope.

- Phani Ravipati

- What did you do yesterday? : Tried to work on the unit tests for the section classes, but didn't get them to working.
- What will you do before the next meeting? : edited the class diagram in the design document, and working on the method that tests the datatypes that were passed in when creating the section.
- Are there any impediments in your way? : Having problem with running the tests.

- Shawn Brogni
  - What did you do yesterday?
    - Continued to work on unit tests for course class
  - What will you do before the next meeting?
    - Finish the unit tests and do a pull request
  - Are there any impediments in your way?
    - Grandpa still in hospital, none other than that

Completed Tasks:

Home and Login views – Erik

Files and skeletons for acceptance tests – Ethan

Setup development environment – Haitam

Generated Tasks:

Implement Logout Functionality – Erik and Haitam

Fix Template forms, missing name attributes – Ethan

Meeting #10: 12/5/22 8:00pm – 9:00pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Late, In Class
- Haitam Chouiekh – Present
- Phani Ravipati – Present
- Shawn Brogni – Present

Answers to Three Questions:

- Erik Mortensen
    - What did you do yesterday?
    - What will you do before the next meeting?
    - Are there any impediments in your way?

- Ethan Monka
    - What did you do yesterday?
        - Fixed HTML templates and made pull request
    - What will you do before the next meeting?
        - Write 3 acceptance tests
    - Are there any impediments in your way?
        - Will have to make guesses for features that aren't implemented yet

- Haitam Chouiekh
  - What did you do yesterday?
    - I worked on fixing the log in and log out features
  - What will you do before the next meeting?
    - Working on the profile page displaying the correct information
  - Are there any impediments in your way?
    - Nope

- Phani Ravipati
  - What did you do yesterday? : was able to run the tests, but are not working as intended
  - What will you do before the next meeting? : figure out to get the tests to work.
  - Are there any impediments in your way? : yes, not sure how to get this done, and was able to get TAs help

- Shawn Brogni
  - What did you do yesterday?
    - Finished and did a pull request for course unit tests
  - What will you do before the next meeting?
    - Add feature to home page that shows a table of assignments
  - Are there any impediments in your way?
    - None

Completed Tasks:

Fixed HTML Templates – Ethan

Fixed Login and Logout – Haitam

Course unit tests – Shawn

Generated Tasks:

View all data, delete accounts, create accounts acceptance tests – Ethan

Assign Instructors, edit accounts, create courses acceptance tests – Erik
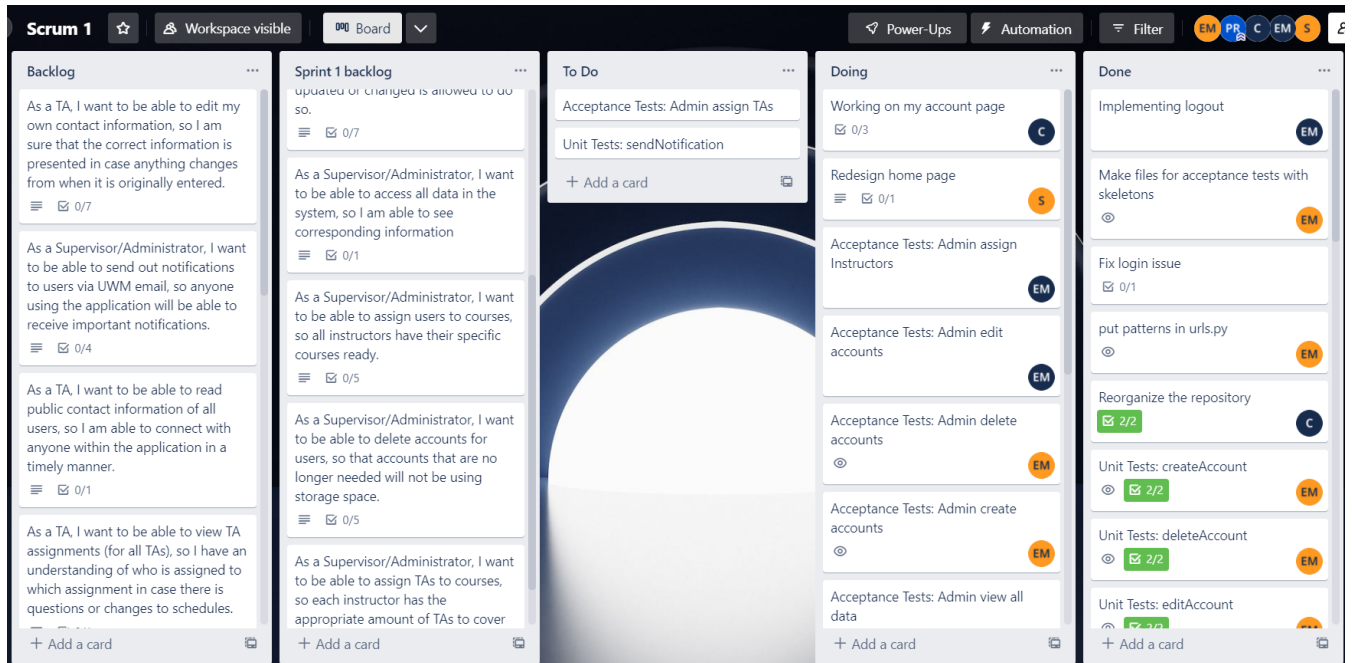

Redesign home page – Shawn

Meeting #11: 12/6/22 2:15pm – 4:20pm

Attendance:

- Erik Mortensen – Present
- Ethan Monka – Present
- Haitam Chouiekh – Present
- Phani Ravipati – Present
- Shawn Brogni – Present

Answers to Three Questions:

- Erik Mortensen
  - What did you do yesterday?
  - What will you do before the next meeting?
  - Are there any impediments in your way?

- Ethan Monka
  - What did you do yesterday?
    - Wrote acceptance tests for creating users, viewing all data, deleting users, and made a pull request for them
  - What will you do before the next meeting?
    - Write acceptance test for assigning TAs to sections
    - Review templates and correct any errors
  - Are there any impediments in your way?
    - None

- Haitam Chouiekh
  - What did you do yesterday?
    - Worked on the scrum helping get the scrum minutes document completed. Worked on my account page
  - What will you do before the next meeting?
    - I plan to have the my account page completed.
  - Are there any impediments in your way?

- Phani Ravipati
  - What did you do yesterday? : started to get the views working for the make_section
  - What will you do before the next meeting? will finish the views for section and write tests for it.
  - Are there any impediments in your way? : None

- Shawn Brogni
  - What did you do yesterday?
    - Worked on updated home page
  - What will you do before the next meeting?
    - Finish updates to home page, fix unit tests (feedback from presentation)
  - Are there any impediments in your way?
    - None

Completed Tasks:

View all data, delete accounts, create accounts acceptance tests – Ethan

Fixed Errors in account HTML template – Haitam

Updated home page – Shawn

Generated Tasks:

Write assign TAs acceptance test – Ethan

Review HTML Templates for errors – Ethan

Re-make the account HTML template – Haitam

Update home page – Shawn

Revise unit tests based on presentation feedback – Shawn
